

The Fort Loudoun Lake Association is proud to report the total number of trash bags, logs and miscellaneous trash items that we have picked up from Fort Loudoun Lake and its watershed for each month, beginning in January of 2007.

We have Zone Managers out on the Lake on a daily basis picking up trash from the shoreline and from our boom skimmers and our milk jug skimmers, which are positioned along creeks and tributaries that outfall into Fort Loudoun Lake. Our Zone Managers also remove dangerous logs and debris that pose a threat to boaters on Fort Loudoun Lake. Miscellaneous trash may include runaway boat docks, large trash pieces such as patio furniture, old tires, coolers, buckets, traffic cones, and more.

Date	Riparian Zone (feet of shoreline restored)	# of Bags from Lake and Watershed	# of Logs from Lake	Misc. Trash Items
2007 Total	100	1,409	4,622	465
2008 Total	850	2,797	14,488	817
2009 Total	100	2,256	22,385	864
January 2010	0	253	0	41
February 2010	0	186	13	16
March 2010	0	276	245	50
April 2010	0	127	912	43
May 2010	0	69	1148	32
June 2010	0	60	1403	19
July 2010	0	65	1091	24
August 2010	0	81	1614	20
September 2010	0	65.5	1796	15
October 2010	0	70	775	36
November 2010	0	78	584	25
